Subject: RE: Baxter Cycle Count Module

Hi Agnes,

As per teleconversation the changes below are done. Please advise, to copy the latest source.

1. The SKU line in the WMS system does not tally with the SKU line on the count sheet.
 - The problem was the sorting ABC cycle count sheet must be sorted by ABC,sku and location.
2. We should be allowed to retrieve the cycle count a day earlier, instead of on the day itself.
 - You may retrieve the countsheet same as previous cycle count. It is not restricted by the date.
3. The class of the SKU is not shown on the count sheet and blind sheet.
 - Done
4. The cycle count sheet should indicate the WEEK number, if not the COUNT number in running numbers.
 - New condition. Week now is running number.
5. Can the excel report also include the total SKU, total Locations, total Batch?
 - As mention before subtotal cannot be captured into excel file.

Please note that my email has been changed to raquel.bassig@dbschenker.com with immediate effect

Regards,

Raquel Bagay Bassig

Subject: RE: Baxter Cycle Count Module

Hi Raquel,

Today, we run the ABC cycle count and we encounter some problems.

1. The SKU line in the WMS system does not tally with the SKU line on the count sheet.
2. We should be allowed to retrieve the cycle count a day earlier, instead of on the day itself.
3. The class of the SKU is not shown on the count sheet and blind sheet.
4. The cycle count sheet should indicate the WEEK number, if not the COUNT number in running numbers.
5. Can the excel report also include the total SKU, total Locations, total Batch?

Need your soonest reply to advise if this can be done.

PETER, do you have anything to add on besides the above points mentioned?

Thanks.

Hi Eddie / Raquel.

17/08/2009

Appreciate and Thank you for the support and time spent on the ABC cycle module.

Overall the module is what we need for our operation after I tested.

I will get Agnes to final test again the function of the module on next Tuesday morning and update your to close the ASR.

Once again thank you so much for the support and understanding.

Happy Singapore National Day.

Thank you
