Hi Jane,
 Ok but please raise an ASR.

Thanks & Best Regards,
 Roy

Subject: RE: Monthly Inbound Shipment Report (February)
Importance: High

Hi Roy,

Most of the details in the previous attachment are extracted from the "Daily Receiving" report. I need to add in the 'description' column and exclude the "RMA00XXX" receiving shipments. Also filter out those columns needed to be in the reports. (Part Number, Qty Received, Serial Number, PO#, Shipment# and received Date.)

Thank you.
 Have a nice day ☺

Best regards,
Jane Wang (Ms)

Subject: RE: Monthly Inbound Shipment Report (February)

Hi Jane,

It can be done but i have some questions

- 1) How would i know if the part is for replenishment into CSI main ? = **Those shipments received under "SHIP00XXX"**
- 2) For CPRC, it is a checkbox. So once it is checked, it will be in the report? = **Yes**
- 3) How would i know if the parts come from CSD or other region office? = **Filter the shipment# "SHIP00XXX" and the customer name from "Customer reference#"**

Thanks & Best Regards,
Roy

Subject: FW: Monthly Inbound Shipment Report (February)

Hi Roy,

Are you able to generate the same report as per attached in the WMS?

Thank you.
Have a nice day ☺

Hi Alice/Janice,

Kindly see attached for the monthly report.
Please advise if there are any other details to be added.

Thank you.
Have a nice day ☺

Subject: Monthly Inbound Shipment Report

Hi Jane,

As spoken, please forward your monthly Inbound Receiving Report (only for stock replenishment into CSI MAIN / CPRC Sales), to Alice and myself.

You can forward on last Fri of each month.

The Inbound are to be from CSD or other region offices.

The format of the report to include the following info :

- Part Numbers
- Description
- Qty
- Serial Nos of parts
- PO No.
- Schenker Shipment Report No.
- Receive Date

Thanks for your support.

Hi Alice,

Please add your comments if necessary.

Thanks and Best Regards,

Janice
