Hi, Eddie

According to Yan Yin from Besi, we wont be seeing E1, E2 etc, we will need to base on delivery priority, however, the below screen still showing E1, E2, instead of delivery priority. Pls see below, we are not able to perform according to KPI requirement.

### Delivery Priorities ->

Hi PauLing,

As screenshot has been provided by Raquel below. Furthermore, it is just replacing E1 to 01.

To IT, it is just taking new value. For the shipping condition, it is an additional information shown in WMS.

Let us know what do you mean changes in WMS?

Hi Eddie,

As informed by Besi (Yan Yin), they will be changes in the shipping condition.  
According to her, the shipping condition (E1 – E4) is input manually at their side. In future, they will not be input this field.

Instead, this information will be replaced by a delivery priority field.

Currently, E1 = Standard Order, E2 = Express Order, E3 & E4 = Machine Down.

With the implementation of the new change, the above will be replaced by 01 = Machine Down Order, 02 = Express Order, and 03 & 04 = Standard Order in the Delivery Priority field.

Pls advise if the above is true.

Pls note that if the change is as per what Yan Yin had mentioned, we will required some changes in SWIMS to be done before the actual implementation.

Thanks.

Goodday together

We are one day before the go-live of the requested change request, regarding the sales order structure on the EDI communication level.

I just wanted to ensure, that each operation has been briefed about the change on Schenker side.

Thank you to the flexibility of everyone and the effort to have supported this minor IT change, which on Besi side has a big operational change behind.

Best regards,  
Daniele

**Betreff:** GoLive 29th of August 2016: Besi Spares & Tooling Ltd. Switzerland - restructure of sales order

Dear All,

First of all thanks for your support in our project for restructuring sales order for the customer Besi Spares & Tooling Ltd..

As planned from our side and confirmed from your side please let me remind a last time the GoLive date August, 29<sup>th</sup> 2016 for the start using adjusted interface for customer Besi Spares & Tooling Ltd.

In Switzerland we will "switch over" Friday evening (Swiss time) so that we will be ready Monday morning.

Have a nice day and best regards,

Stefanie Eichenberger
