Subject NI Dimension screen

- 1.Current,user can only enter dimension for 1 ctn/pkg.To enter next,user has to re-enter screen and input "2 or 2-2 etc" at the "pack seq." column.
To allows user to add line for the next pkg dims on the same screen under same wave#.
- 2.Screen will auto prompt the "Pack seq." once user add line.
- 3.Allows user to retrieve existing dimensions by wave#.Current,no application to retrieve by wave#.
- 4.Allows user to edit dims. for wave# that is not shipped.
