Hi Zhi Ai,

We can setup the list of country codes in system that require for COO FTA,
So for shipment # shipping to the required country will be reflected with the remark - "FTA"

You may raise ASR for this request if it's confirm.
May I know when is the estimated cut-off date?

Hi PeiFong,

Currently is for China, Korea, India, Philippines, Thailand, Indonesia.

However, we will ignore those not required counties if reflected the same.
Unless you able to filter out.

Hi Zhi Ai,

Is the FTA required materials applicable to all ship-to parties regardless any countries?

Subject: Additional information show on validation list

Hi PeiFong,

Current BD has required to get CoO information before shipment PGI and get alert to all CS to apply CoO before invoice generation.

So we would like to seek your advice whether any possibility to set the affected materials in WMS master list and to reflect “FTA” on validation list when shipment validation.

The concept similar like labeling project which test in last time.

Enclosed sample of validation list and FTA materials summary for your reference,

Kindly give your comments if any to move on.
