Subject: Fwd: Red Friday - Hub Capacity Monitoring Report - 7pm snapshot

Guys

Next week we will have our black friday event with a forecast of 2.5k DN's for PH.
 To track progress can you issue a report with below requirements is issued at the times outlined below?

Many thanks for your help.

Regards
 Emile

For SG DC

sales org: Only for **AOS** PH

SKU#: For all SKU's, regardless of whether under promo or not

Frequency: On 11/23 and 11/26. Can we have one at (SG time) 1pm, 5pm and at end of the working day?

Hi Dart, Emile,

For the black friday promos, can your DC team send us the WIP report to keep track of DN dropping volume and on processing progress? Its the same thing that was sent to Grace during the Red Friday this year. You can send it directly to me so Shixiu doesnt have to play postman.

For AU DC

sales org: For both AU and NZ orders

SKU#: For all SKU's, regardless of whether under promo or not

Frequency: On 11/23-11/25. Can we have one at (Sydney time) 1pm, 5pm and at end of the working day?

For SG DC

16/11/2012

sales org: Only for PH

SKU#: For all SKU#, regardless of whether under promo or not

Frequency: On 11/23 and 11/26. Can we have one at (SG time) 1pm, 5pm and at end of the working day?

Thanks

Regards,
