		- Color coding only during set selection - Estimate dev time (2 days)	
Clement	Include Surgery Time together with surgery date in the "my booking" screen	Dev time (1day)	Completed/deployed
Phui Fong	Allow for search function in "new booking" for surgeons and hospitals	- This is tricky changes, looks easy but may take lots of coding. - Estimated dev time (4 days)	13 th May 2016
Clement	Add case details (hospital, surgeon, time)	TBC	Done
Clement	Include case details into subject header	TBC	Done
Rebecca	SMS notification to include case details (Surgeon, Date of Surgery, Hospital, Case Procedure & Sets used. Hyperlink to booking to be removed	Dev time (1day) -SMS message may be split into several messages if long	TBC
Wai Mei	Include case details in calendar view (hospital and surgery time) only for spine	Dev time (1day)	TBC

1. Pls note of the build number in.

2. Creating new booking for SPINE. The surgeon and Surgeon2 are now editable, and will auto populate base on initial characters keyed-in.
