ASN Line#	Cust Line#	KMPO Number	SKU	UOM	Expected Qty	Received Qty	Plant Code	Storage Location	Valuation Type	Serialized
00158	00012	POBMY2	022B	PC			A202	0205	NEW	
DEVELOPER DV910						1,000				
						Palet ID		Location		
-----										
00001	00013	POBMY2	022H	PC			A202	0205	NEW	

The SKU list follows the same sorting in the ITS.

Receiving can be done By double clicking on the SKU. The screen below show after double clicking on the SKU list.

When the user double click on a fully received item then an error will be prompted.
