Subject Fw: NI cycle count module

Hi Hazel ,

I will put up the request in ASR. You can model the count base on INTERMEC cycle count module.

Thank you.

Subject NI cycle count module

Hi Hazel ,

I would like to discuss the NI cycle count module. As of current, there is only the list of inventory to be counted but no user entry for counts and other reports.
Going forward customer NI would want us to have a cycle count module of daily "pick count" inventory and the current full count.

Kindly call me up when you are available.

Thank you.
