Note that.

Dear Sue,

May I confirm with you that "Total Transit Days" =(is equal to) "Delivery Date" -(minus) "Pick up date" ?

Sue,

Confirmed.... and since the data elements your outlined are identical across AI/AE/SI/SE. Only one report will be generated and data grouped and organised accordingly.

Matthew > Pls schedule this in your work queue and provide a sample to Sue for review and confirmation by next Friday and await her go ahead to deploy.

Regards

Chee Leong

Dear Chee Leong,

We need to provide report to Nilfisk on monthly basis.

Report should include

- 1) MAWB -
- 2) HAWB -
- 3) packages / weight
- 4) Airport/Seaport of Origin-
- 5) Airport / Seaport of Destination
- 6) Pick up date
- 7) Delivery Date
- 8) Total Transit Days

Every beginning of the month, report should be automatically sent to

CS,

Suggest as below:

HAWB - packages - weight - Pickup - ETD - ETA - POD - Total Transit Days

Monthly will have 2 reports, one for air import & one for sea import.

Best Regards,
 Kelvin
