Subject: RE: Shipmark Reprint funtion

Hi Zhi Ai,

May I propose to add a new button "Print Single", to print the single label for the entered Outbound ID only.

Also I will remove the [Print (BD holding)] button since it's not in used.

If it's alright, please raise an ASR for me to proceed the changes.

Hi PeiFong,

Yes, the number of package remain the same.

We only need to re print according to pallet ID# regardless the # package.

Best Regards,

Hi Zhi Ai,

When printing the individual, the # of packages remain no changes?

System would have problem to print out individual for the running # of packages,

Let me check this out.

PACKING:

1 of 17

Subject: Shipmark Reprint funtion

Hi PeiFong,

We need you assist to explore on the shippingmark reprint function.

- Current process: once trigger reprint label will print whole shipment pallet IDs.
- Request process: to reprint label by individual pallet ID if only required to reprint one or two pallet ID.

Kindly refer to affixed screen as suggestion and advise if you have any others to share.

Best Regards,

ZhiAi, HUANG (Mr)
