Subject:	RE: WMS for Inbound / outbound label printing

Hi, Raquel

It is order qty, but allow user to amend qty. ASR:

Thanks & Best regards

Hi Jhy Huey,

For Label modification format, kindly raise ASR.

Are you referring to order qty (customer qty) or Picked Qty?

Regards,

**Subject:** WMS for Inbound / outbound label printing

Hi, Raquel
Pls help to look into the below.
1) WG Inbound label
   User highlighted that system allow them to amend the pack size, however, when the label is printed out, the qty on each label does not show the pack size, it show the total qty instead

2) WG Outbound label
   User will need to print partial qty at time, which means user should be able to amend order qty and packsize

Thanks & Best regards
